PeopleCare Health Services has been providing quality in-home care and support in our community since 1992. PeopleCare Health Services provides care and support through the State of Colorado's Home and Community Based Services (HCBS) Waiver Programs for Adults and Children including IHSS, and through Long Term Care Insurance, VA and Private Pay Services are provided. We operate state wide, and have four offices throughout Colorado and have at least one client in every county at this time.

We proudly put our client's health, safety and independence first. We understand that when it comes to healthcare one size does not fit all. We customize each and every care plan to meet our client's needs. Our caregivers are screened, trained, supervised and receive on-going training.

The COC Coalition meeting is a networking opportunity where service providers and local community members come together to discuss needs of our rural communities and share information with those that might benefit from this information. The meetings are consistently every third Wednesday of the month. This opportunity is open to the public. Join in every month or as your schedule permits.

Quote for the Day:

While engaging in conversation today, focus on what the person is saying instead of formulating your reply. You'll know what to say when it's your turn.

It is the province of knowledge to speak and it is the privilege of wisdom to listen. –Oliver Wendell Holmes
